Stewardship Moment – The care of the earth is our most ancient and most worthy and, after all, our most pleasing responsibility. To cherish what remains of it, and to foster its renewal, is our only legitimate hope.

PWS&D A home away from home - When her niece fell ill, Zenabu was accused by her sister of bewitching the little girl. Belief in witchcraft continues to be widespread in Ghana, and those accused can face relentlessly cruel treatment. Zenabu feared for her safety, until she found sanctuary at the PWS&D-supported Gambaga Camp - a refuge for women who have been accused of witchcraft. Zenabu has been trained in soap making and earns an income by selling her handiwork. She enjoys the self-reliance that comes with the chance to sell her goods. Even as PWS&D works with communities to help them see that misfortune is not a result of witchcraft, this support is giving women like Zenabu the chance to lead safe and meaningful lives.

PWS&D responds to ensure safety and security
